RE: Live Entertainment Update

Ordinance 20-516, adopted on May 21, 2020, provided for an expansion of outdoor dining due to the Covid 19 pandemic. The Ordinance provided for a number of regulations pertaining to the expanded areas allowed.

The Ordinance also provided for several prohibitions. Section 5 (e)(ii)(2) expressly prohibits live entertainment and bands in the expanded outdoor dining areas.

The City has received complaints of live entertainment and bands in those expanded outdoor dining areas and is responding to these complaints.

Be advised that effective June 4th, City Police and Code Enforcement Officers will begin enforcement of this prohibition. Violations will result in the loss of any expanded outdoor dining areas.

This does not mean that those locations of live entertainment and bands in use prior to the effective date of Ordinance 20-516 are prohibited. However, in order to continue providing live entertainment and bands in those prior locations, a sketch of the previous location must be signed, dated, and submitted to the Clerk's office, to be filed with the business tax receipt files.

Acknowledgement:

I hereby acknowledge that I have read this document and agree to cease live entertainment and bands in my expanded outdoor dining area.

I also acknowledge that if this business previously provided live entertainment and bands, I will provide a sketch to indicate the location used prior to May 21, 2020 to the Clerk's office.
